

NEXORA TECHNOLOGIES

Employee Handbook & Enterprise Workplace Knowledge Base

India Operations — 2026 Edition

Document ID: HR-HB-2026-001 **Version:** 4.0 **Owner:** People Operations

Status: Synthetic / Training Dataset — NOT A REAL COMPANY POLICY

This fictional handbook is designed as a realistic enterprise knowledge base for testing an Agentic RAG IT/HR Support Copilot. It contains intentionally structured policies, rules, FAQs, tables, exceptions, approval workflows, employee-life information, career-growth rules, compensation cycles, holidays, IT support procedures, and escalation scenarios.

How to use this document

- Ask policy questions: leave, holidays, WFH, attendance, promotion, salary hikes, benefits, expenses, travel, conduct, IT support.
- Test retrieval: exact policy names, section numbers, dates, eligibility criteria, exceptions, and approval chains.
- Test agentic behavior: decide whether a question is HR, IT, Security, Facilities, Payroll, or Manager-related and route it correctly.
- Test citations: the copilot should answer with document section/page references when possible.

1. Handbook Overview

This handbook is the single synthetic reference source for Nexora employee-support scenarios. Individual policy documents may contain additional operational details; where a policy conflicts with an employee's signed employment agreement, the employment agreement and applicable law take precedence.

Section	Knowledge Area
2	Company, culture and ways of working
3	Employment lifecycle and onboarding
4	Working hours, attendance and hybrid work
5	Leave and time off
6	Holiday calendar
7	Compensation, salary and payroll
8	Performance reviews, hikes and promotions
9	Career growth and internal mobility
10	Learning, certifications and mentorship
11	Benefits, wellness and work-life support
12	Expenses, travel and corporate cards
13	Code of conduct and workplace behavior
14	POSH, grievance and whistleblower
15	Information security and acceptable IT use
16	IT support and service desk
17	Data privacy, confidentiality and IP
18	Health, safety and office facilities
19	Recognition, rewards and employee engagement
20	Separation, notice period and offboarding
21	Policy FAQ and decision rules

2. Company, Culture and Ways of Working

Mission

Nexora builds secure enterprise software and AI systems that help organizations automate operations while keeping people in control of important decisions.

Values

Value	Expected behavior
Customer First	Understand the user's actual problem before proposing a solution.
Own the Outcome	Take responsibility for results, communicate blockers early, and close the loop.
Learn Fast	Experiment, document lessons, seek feedback, and share knowledge.
Be Direct and Respectful	Disagree with ideas without attacking people.
Security by Default	Protect credentials, customer data, company systems, and intellectual property.
One Team	Help across teams and avoid information silos.

Work culture

- Meetings should have an owner, agenda, and expected outcome whenever practical.
- Employees are encouraged to use written documentation for decisions so remote colleagues can follow context.
- Managers should provide actionable feedback regularly rather than waiting for the annual review.
- Escalating a genuine risk early is considered good ownership, not failure.
- Employees may challenge decisions respectfully and may request a second-level review for significant people or policy decisions.

Communication norms

- Urgent production or security matters use the incident channel or Service Desk priority workflow.
- Normal requests should use the relevant ticket, HR portal, or team channel rather than direct-message-only workflows.
- Do not share confidential customer information in public channels.
- Core collaboration hours are 10:30 AM–4:30 PM IST on working days.

3. Employment Lifecycle and Onboarding

Employment categories

Category	Typical use
Full-Time Employee	Regular ongoing employment under an employment agreement.
Fixed-Term Employee	Employment for a defined period or project.
Intern	Structured learning role with defined mentor and duration.
Consultant/Contractor	External professional engaged under a services agreement.

Joining checklist

- Complete identity and background-verification requirements.
- Activate corporate identity, MFA, email, HR portal and Service Desk account.
- Complete information-security and workplace-conduct training within 10 working days.
- Collect assigned laptop, ID card and other approved equipment.
- Manager defines first-30-day outcomes and introduces the employee to the team.

Probation

Standard probation is 6 months for full-time hires unless the offer letter states otherwise. A manager may recommend confirmation, extension, or separation based on performance, role readiness, conduct, attendance, and completion of mandatory training. Any extension must be communicated by People Operations.

Background verification

Background checks may cover identity, education, previous employment and other checks relevant to the role. Employees must cooperate with verification requests and provide accurate information.

4. Working Hours, Attendance and Hybrid Work

Standard schedule

Item	Rule
Working days	Monday to Friday
Standard hours	9:30 AM–6:30 PM IST
Core collaboration	10:30 AM–4:30 PM IST
Meal break	60 minutes, normally between 12:30 PM–2:30 PM
Office attendance	Hybrid employees: minimum 2 days/week unless team policy says otherwise
Attendance system	HR portal / approved attendance mechanism

Late arrival

Employees should inform their manager when they expect a significant delay. Three or more unregularized late arrivals in a calendar month may trigger an attendance review. Repeated attendance violations can enter the disciplinary process.

Work From Home

- WFH is a work arrangement, not a substitute for leave.
- Employee must remain reachable during core collaboration hours.
- Company data must be accessed only through approved devices and security controls.
- Public Wi-Fi should not be used for sensitive work unless protected by approved security controls.
- Managers may require office attendance for customer meetings, team events, onboarding, incidents, or business needs.

Overtime / extended work

Employees should not routinely work excessive hours. Where additional hours are genuinely required, managers should plan workload and use applicable overtime or compensatory-off processes where the employee category and law/policy permit.

5. Leave and Time Off Policy

Leave type	Annual entitlement	Approval / evidence
Earned / Privilege Leave	18 days	Manager approval; planned in advance
Casual Leave	6 days	Manager approval; short-notice permitted for genuine needs
Sick Leave	6 days	Notify manager; medical evidence may be requested for extended absence
Wellness Day	2 days	Self-declared; no medical details required
Bereavement Leave	5 working days	Notify manager / People Operations
Marriage Leave	3 working days	One-time during employment
Paternity / New Parent Leave	10 working days	Apply through People Operations
Compensatory Off	As approved	For eligible approved work on designated holidays/weekends

Leave rules

- Leave must be requested in the HR portal whenever reasonably possible.
- Unapproved absence may be treated as unauthorized absence.
- Leave balances are visible in the HR portal and employees should verify balances before planning long leave.
- During notice period, leave approval remains subject to business requirements and policy.
- Public holidays are not deducted from leave balances.
- Where statutory leave rules provide a higher entitlement, the applicable statutory requirement takes precedence.

Emergency leave

For emergencies, notify the manager or team lead as soon as practical. The employee can regularize the leave after returning, subject to policy.

6. Holiday Calendar — India Operations 2026

The following is a fictional company holiday calendar for RAG testing. It is not an official government or company calendar.

Date	Day	Holiday
26 Jan 2026	Monday	Republic Day
04 Mar 2026	Wednesday	Holi
19 Mar 2026	Thursday	Gudi Padwa
03 Apr 2026	Friday	Good Friday
01 May 2026	Friday	Labour Day
27 Aug 2026	Thursday	Janmashtami
02 Oct 2026	Friday	Gandhi Jayanti
20 Oct 2026	Tuesday	Dussehra
09 Nov 2026	Monday	Diwali — Laxmi Puja
10 Nov 2026	Tuesday	Diwali — Balipratipada
25 Dec 2026	Friday	Christmas

Optional / floating holidays

Employees may select up to 2 floating holidays from the HR portal's published list, subject to manager approval and team coverage.

Holiday coverage

Customer-support, security, cloud operations and other 24x7 teams may follow roster-based schedules. Employees assigned to holiday coverage receive applicable compensatory arrangements according to their employment terms and applicable policy.

7. Compensation, Salary and Payroll

Salary cycle

Monthly salary is processed on the last working day of each month, subject to payroll cut-off. Payslips are published in the HR portal.

Salary structure

- Fixed compensation may include basic salary, house-rent allowance, flexible allowances and other components defined in the offer.
- Statutory deductions and taxes are applied as required.
- Employees should review payslips and raise discrepancies through Payroll Support within 10 calendar days.

Salary hike / annual increment

Item	Fictional policy rule
Review cycle	Annual; company performance review window opens in April
Eligibility	Employees confirmed by 31 January are normally included in the annual cycle
Inputs	Individual performance, role scope, market positioning, skills, business performance and budget
Rating	1–5 performance rating after calibration
Typical increase range	0%–15%; exceptional cases may fall outside the range with executive approval
Effective date	1 April unless communicated otherwise
Promotion hike	Separate adjustment may apply when an employee moves to a higher level

Important

A performance rating does not guarantee a specific percentage increase. Budget, role level, market data and company performance affect the final decision.

8. Performance Reviews, Hikes and Promotions

Performance cycle

Nexora uses quarterly check-ins plus an annual formal review. Employees set measurable goals, discuss progress with managers, document achievements, and identify development areas.

Stage	Timing	Output
Goal setting	April	Annual goals / OKRs
Quarterly check-in	Every 3 months	Progress, blockers, feedback
Mid-year review	September	Formal progress assessment
Annual review	March	Final performance assessment
Compensation cycle	April	Increment / promotion outcomes

Performance Improvement Plan (PIP)

A PIP may be used when sustained performance does not meet role expectations. It normally contains specific gaps, measurable expectations, support offered, review checkpoints, and a defined review period. A PIP is not automatically a termination decision.

Promotion criteria

- Demonstrated performance at the next level, not only current-role task completion.
- Sustained ownership and measurable impact.
- Role-relevant technical or functional depth.
- Collaboration, communication and leadership appropriate to the target level.
- A promotion recommendation requires manager and calibration approval.

9. Career Growth and Internal Mobility

Career framework

Level	Example expectation
L1 — Associate	Learns systems, completes defined tasks with guidance.
L2 — Professional	Owens workstreams independently and handles normal complexity.
L3 — Senior	Owens larger systems, mentors others, resolves ambiguous problems.
L4 — Lead	Drives technical/business outcomes across a team or major initiative.
L5 — Principal	Shapes architecture, strategy and cross-organization direction.

Internal job posting

Employees who have completed 6 months in their current role may apply for internal openings unless their employment agreement or a role-specific policy states otherwise. Manager discussion is encouraged, but employees may contact Talent Mobility directly if they are concerned about retaliation.

Career conversations

- Every employee should have at least two documented career conversations per year.
- Managers should identify skills required for the next level and create practical development actions.
- Employees may request mentoring from another team when there is no conflict of interest.

10. Learning, Certifications and Mentorship

Learning allowance

Eligible employees receive a fictional annual learning budget of ■30,000 for approved courses, books, conferences and professional certifications.

Expense	Approval
Course under ■10,000	Manager approval
Course ■10,000–■30,000	Manager + Learning & Development
Certification exam	Manager approval; role relevance required
Conference / travel	Manager + Travel policy approval

Certification reimbursement

If the company pays for a certification, the employee is expected to complete it within the approved timeline. Failed attempts may be reimbursed only when specifically approved.

Mentorship

Employees can request a mentor through the internal mentoring program. Mentors are not performance evaluators unless explicitly assigned as part of a formal role.

11. Benefits, Wellness and Work-Life Support

Core benefits

- Group medical insurance for eligible employees and declared dependents.
- Group personal accident cover according to the insurance schedule.
- Term-life cover for eligible employees.
- Employee Assistance Program (EAP) with confidential counseling support.
- Annual preventive-health and wellness initiatives.

Work-life support

Program	What it provides
Wellness Days	Two additional paid days intended for rest and personal wellbeing.
Flexible Work	Hybrid/WFH options subject to role and team requirements.
Mental Wellbeing	Confidential EAP counseling and wellbeing sessions.
Caregiver Support	Flexible scheduling may be approved for significant family-care situations.
Recharge Friday	One Friday afternoon per quarter reserved for low-meeting work, learning or wellbeing activities.

Office perks

- Pantry beverages and snacks during office hours.
- Quiet rooms for focused work and calls.
- Ergonomic workstation equipment subject to availability.
- Monthly team engagement allowance managed by department leads.

12. Expenses, Travel and Corporate Cards

Business expense rules

- Expenses must have a legitimate business purpose.
- Receipts are required unless an approved exception applies.
- Claims should normally be submitted within 30 calendar days.
- Employees must not split one expense into multiple claims to bypass approval limits.
- Personal expenses are not reimbursable unless specifically covered by policy.

Expense	Fictional limit	Approval
Local cab	■1,500/trip	Manager
Client meal	■2,500/person	Manager + client/business purpose
Domestic hotel	■6,000/night	Manager
Internet for approved WFH	■1,000/month	HR/Manager policy
Mobile reimbursement	■1,200/month	Role dependent

Travel

Domestic travel should use approved booking channels. Economy airfare is the standard class for trips under 6 hours. International travel requires additional approval from the business unit head.

13. Code of Conduct and Workplace Behavior

- Treat colleagues, customers, vendors and visitors with professionalism and respect.
- Do not engage in harassment, discrimination, bullying, threats, retaliation or intimidation.
- Declare conflicts of interest that could influence business decisions.
- Do not accept inappropriate gifts, kickbacks or personal benefits from vendors.
- Do not falsify records, expense claims, attendance, work output or business information.
- Do not use company systems for unlawful, abusive or intentionally harmful activity.

Gifts

Gifts or hospitality valued above ■3,000 require disclosure to the manager and Compliance. Cash gifts, kickbacks and gifts intended to influence a decision are prohibited regardless of value.

Moonlighting / outside work

Outside employment or consulting that competes with Nexora, creates a conflict, uses company resources, or affects work performance is prohibited. Employees must disclose potentially conflicting engagements to People Operations.

Social media

Employees may express personal opinions but must not disclose confidential company/customer information or imply that personal statements represent official company positions unless authorized.

14. POSH, Grievance and Whistleblower Support

Zero-tolerance workplace

Nexora prohibits sexual harassment, discrimination, retaliation and abusive conduct. Employees can raise concerns through People Operations, the Internal Committee where applicable, or the confidential ethics channel.

Grievance process

- Employee submits concern through the appropriate channel.
- People Operations acknowledges receipt and identifies the responsible reviewer.
- The matter is assessed for urgency, confidentiality and potential conflicts of interest.
- Investigation or resolution steps are documented.
- Retaliation against a person who raises a good-faith concern is prohibited.

Whistleblower examples

Fraud, bribery, financial manipulation, serious security violations, deliberate data misuse, conflicts concealed from the company, and retaliation may be reported through the confidential ethics channel.

Emergency

Threats to physical safety or imminent harm should be escalated immediately to local emergency services and the office security team where applicable.

15. Information Security and Acceptable IT Use

Password and MFA

- Never share passwords or MFA approval codes.
- Use unique corporate credentials and approved password-management tools.
- Unexpected MFA prompts must be denied and reported.
- Security incidents should be reported immediately rather than investigated independently.

Company devices

- Company laptops must use approved endpoint protection, encryption and device management.
- Do not disable security controls without authorization.
- Lost or stolen devices must be reported immediately.
- Only approved software may be installed on managed devices.

Generative AI / AI tools

Employees may use approved AI tools for business tasks. Confidential customer information, credentials, source code, personal data and proprietary documents must not be pasted into unapproved external AI services. AI-generated content must be reviewed before being used for business decisions.

Security incident severity

Severity	Examples	Response
P1	Ransomware, major data exposure, company-wide compromise	Immediate Security Operations escalation
P2	Credential compromise, suspicious privileged activity	Urgent investigation
P3	Single endpoint malware alert, suspicious email	Standard security queue

16. IT Support and Service Desk

How to get help

Channel	Use for
Service Desk Portal	IT incidents, access, hardware, software, VPN
HR Portal	Leave, payslip, benefits, employee profile
Security Hotline	Phishing, credential compromise, suspected breach
Facilities Desk	Office access, seating, utilities, workplace facilities

IT ticket priority

P1	Company-wide critical outage / major security issue	15 min target response
P2	Major team or critical-user impact	1 hour
P3	Normal user issue	4 business hours
P4	How-to / low impact request	1 business day

Standard laptop troubleshooting

Restart → check network → verify disk space → install approved updates → reproduce issue → capture error message/time → create ticket with device name and business impact. Do not factory-reset a company device without Service Desk authorization.

Account locked

Wait for the standard lockout period where applicable, then use the approved password-reset flow. If lockout continues, create an IAM ticket. Never ask another employee for credentials.

17. Data Privacy, Confidentiality and Intellectual Property

- Collect and use personal data only for legitimate business purposes.
- Access employee or customer data only when required for your role.
- Do not export sensitive data to personal storage.
- Confidential information includes source code, credentials, customer records, pricing, internal strategy, security details and non-public financial information.
- Work product created within the scope of employment belongs to the company as defined by the employment agreement and applicable law.

Data incident

If sensitive data is sent to the wrong recipient, uploaded to an unauthorized service, or exposed publicly, report it immediately to Security/Privacy. Do not attempt to conceal or silently delete evidence.

Document retention

Business records should be stored in approved company systems. Employees should not maintain the only copy of important business information on personal devices.

18. Health, Safety and Office Facilities

- Keep emergency exits clear.
- Report workplace hazards, injuries and unsafe conditions promptly.
- Visitors must follow office access procedures and remain with an authorized host where required.
- Employees should follow building evacuation instructions during drills or emergencies.
- Facilities requests should be submitted through the Facilities Desk rather than informal messages.

Office access

Employees must wear or carry their corporate access badge according to building rules. Lost badges must be reported immediately. Tailgating into restricted areas is prohibited.

Ergonomics

Employees may request ergonomic assessment or equipment for their workstation. Remote employees should use a stable workstation and report recurring ergonomic concerns through People Operations.

19. Recognition, Rewards and Employee Engagement

Program	Frequency	Example
Spot Award	Any time	■5,000-■25,000 for exceptional contribution
Quarterly Impact Award	Quarterly	Recognition for measurable team/customer impact
Innovation Award	Twice yearly	New idea with demonstrated business or engineering value
Service Milestone	Annual	Recognition at 3, 5 and 10 years

Employee engagement

- Monthly team activities may be funded from the team engagement budget.
- Quarterly town halls share business updates, product progress and employee questions.
- Anonymous pulse surveys may be conducted to identify workplace improvements.
- Managers are expected to act on recurring team concerns or explain why action is not feasible.

20. Separation, Notice Period and Offboarding

Resignation

Employees submit resignation through the HR portal or formal process specified in their employment agreement. The notice period is the period stated in the employee's employment agreement; the fictional default for confirmed employees is 60 calendar days.

Offboarding checklist

- Complete knowledge transfer and handover.
- Return laptop, badge, accessories, documents and other company assets.
- Remove company data from approved personal devices where applicable.
- Manager confirms handover completion.
- IT disables access according to the approved exit schedule.
- People Operations conducts exit documentation and final settlement process.

Full and final settlement

Final salary, approved reimbursements, applicable leave treatment, deductions and other settlement components are calculated according to the employment agreement, payroll policy and applicable law.

Rehire

Former employees may be considered for rehire based on performance history, conduct, business need and the circumstances of separation.

21. Enterprise Support FAQ and Agent Decision Rules

Q: How many earned leaves do I get?

A: The fictional standard entitlement is 18 earned/privilege leave days per year.

Q: When is salary credited?

A: Normally on the last working day of the month, subject to payroll cut-off.

Q: When do annual hikes happen?

A: The annual compensation cycle is normally effective 1 April.

Q: Does a 5 rating guarantee 15% hike?

A: No. The stated 0–15% range is not a guarantee; business performance, budget, role and market positioning also matter.

Q: Can I work from home whenever I want?

A: No. Hybrid/WFH is subject to role, team requirements and manager policy.

Q: Can I install any software?

A: No. Managed devices may only use approved software or authorized installation processes.

Q: I received an unexpected MFA prompt. What do I do?

A: Deny it and report it to Security; never approve an unexpected prompt.

Q: I lost my company laptop. What should I do?

A: Immediately report it to the Service Desk and Security so the device can be secured.

Q: Can I use ChatGPT with company documents?

A: Only approved AI services may be used, and confidential/company/customer information must not be entered into unapproved tools.

Q: Who handles office access issues?

A: Facilities Desk handles physical office access; IT handles corporate identity/device access.

Q: Who handles a suspected phishing email?

A: Report it through the phishing workflow and contact Security for suspected credential compromise.

Q: Can I raise a grievance without my manager knowing?

A: Use People Operations, the applicable Internal Committee, or confidential ethics channel; the matter is handled according to confidentiality requirements.

Q: Can I apply for another internal job?

A: Normally after 6 months in the current role, subject to internal mobility rules and role-specific requirements.

Q: What is the default notice period?

A: 60 calendar days for confirmed employees in this fictional handbook, unless the employment agreement says otherwise.

Agent routing rules

User intent	Route to
Leave / holiday / salary / hike / promotion	HR / People Operations
VPN / laptop / software / account access	IT Service Desk / IAM

User intent	Route to
Phishing / MFA compromise / malware / data leak	Security Operations
Office badge / seating / facilities	Facilities Desk
Travel / expense claim	Finance / Travel Desk
Harassment / discrimination / grievance	People Operations / applicable formal channel
Career / learning / certification	Learning & Development / Talent Mobility

END OF SYNTHETIC KNOWLEDGE BASE

This document is fictional and created for software/RAG testing. It is not legal advice and should not be treated as an actual employer policy.
